MECKLENBURG COUNTY

AIR QUALITY

Overview

Periodic Review of Existing Rules

PROCESS:

- General Statute requires state agencies to review and update rules every 10 years
- State of NC to review approximately 400 rules
- Rules will be updated where necessary, or allowed to expire where practical

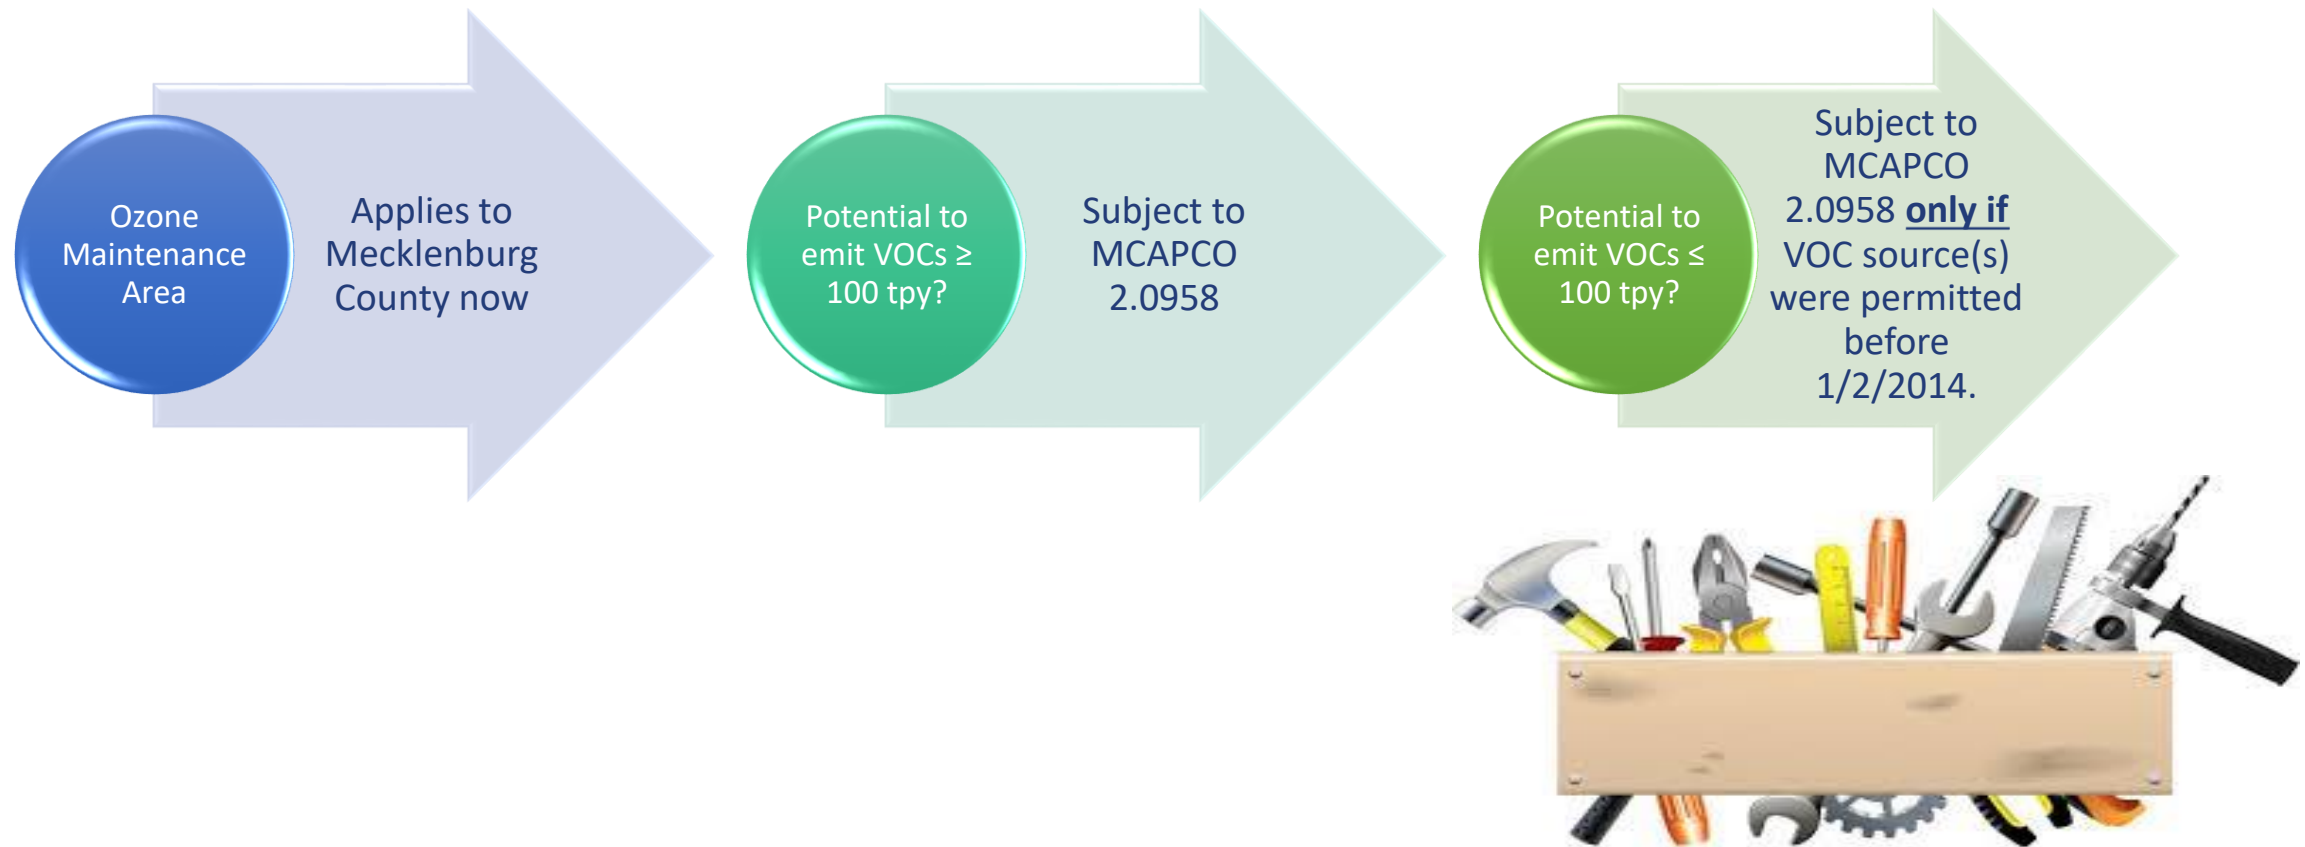

NCDAQ Findings

- 320 rules to be readopted by December 31, 2020
- Divided into 6 groups for processing
- Periodic Review of Existing Rules Webpage:
 - <http://deq.nc.gov/about/divisions/air-quality/air-quality-rules/periodic-review-existing-rules>

MCAPCO 2.0958 – “Work Practices for Sources of Volatile Organic Compounds”: Applicability Changes

VOC Sources and Waterborne Coatings

- **Common mishap**
 - Permitted for VOCs
 - Uses waterborne and/or low VOC coatings or solvents
 - Emissions from these types of compounds not reported to MCAQ

Waterborne and low VOC ≠ No VOC.
-If permitted for VOCs, be sure to report all VOC emissions

Future Online Reporting Tool

Mecklenburg County Air Quality
North Carolina (MCAQ)

Mecklenburg County Air Quality
Online Environmental Permitting & Reporting

1 2 3 4

Welcome to the MCAQ Online System (GovOnline) for Electronic Notification, Report, and Application Submissions.

GovOnline allows for online form and report submissions with real-time tracking of processing/review status. The system specifically allows users to:

- Establish a user account and manage all your submittals online
- Submit asbestos NESHAP notifications for demolition and renovation activities
- Submit other air quality compliance reports and applications
- Monitor the processing status of your submittals
- Receive e-mail notifications on review results

Presently the system is operational for the asbestos NESHAP notification form. The system will be expanded to include additional forms in the future.

System User Guide: The System User Guide provides instructions on using the System under the Help Menu. You can also access the guide via the link to the right just below the login button.
